REASONS FOR ALLOWANCE

Claim rejection made under 35 U.S.C. § 103 (a) as unpatentable over Smith (US 7067547 B1) as indicated in the previous Office action dated October 9, 2007 is withdrawn in view of the applicant's remarks filed January 17, 2008. Claims 10-18 are allowed. Claim 18 is renumbered to claim 1, claims 10-17 are renumbered to claims 2-9.

The following is an examiner's statement of reasons for allowance:

Smith teaches an aqueous contact lens solution comprising an effective amount of preserving agent and buffer. Although Smith mentions polyhexamethylene biguanide (PHMB) and alexidine suitable preservatives among others and discloses 1, 2-bis-(tris(hydroxymethyl)methylamino)propane (a position isomer of 1,3-bis-(tris(hydroxymethyl)methylamino)propane) as a suitable buffer among others, the reference does not particularly teach or suggest to combine PHBM/Bis-Tris propane or alexidine/Bis-Tris propane in the particular concentration as presently claimed by applicant. Applicant's specification also supports patentability of this case as Tables 1-5 of the specification shows superior antimicrobial property of Bis-Tris propane over other buffers (e.g., phosphate buffer), while Smith does not teach or suggest particular advantages of using Bis-Tris propane. See spec., Tables 1-5; Smith, claims 2-22. Since the prior art does not teach, suggest, or motivate one of ordinary skill in the art to make the particular combination of a specific antimicrobial agent and buffer as presently claimed, and applicant has shown that the present invention produces unexpected results, the present claims are patentable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to GINA C. YU whose telephone number is (571)272-8605. The examiner can normally be reached on Monday through Friday, from 8:00AM until 5:30 PM..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sreeni Padmanabhan can be reached on 571-272-0629. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
